

About Marsh European Support Centre in Warsaw

EBSC, as the internal center of excellence, has taken over operations from Marsh Europe insurance business to let our brokers focus directly on clients. In our daily work, we strive for efficiency, high quality, and outstanding results that we always deliver on time. Our scope of services includes different kinds of support like administrative activities, insurance policy management, claims, invoicing, and data management. We have more than 200 colleagues on board with 9 different nationalities but our plans are ambitious as we want to triple the size within two years! As we love languages, in total we speak 21 of them! We care about our well-being and we know that a friendly, supportive and inclusive work atmosphere is crucial!
